EVERY ONE IS NOW DOING THEIR BEST

IF YOU WANT ONE OF THOSE VALUABLE PRIZES IT IS UP TO YOU

The Vote Schedule Will Never Be Changed—
You Will Never Get Any More Votes For A Subscription Than You Will Get Today

Although The Anderson Daily Intelligencer's contest is already the liveliest newspaper enterprise ever attempted in this section of the State, it promises to be still more interesting before March 12th, 1914. The Contest Editor has been assured that every one is doing their best and if that is true we are going to have something doing these next few days.

This contest has only seen its preliminary stages; there is still plenty of time to win or lose. It is not too late to start in the race by any means, but you should not delay much longer. Get a book, get subscriptions, get the advice of the Contest Editor, come out vigorously and energetically and you will be a hard one to beat, if indeed you are beaten at all. The Gold will be distributed as follows: For the largest number of months turned in between Jan. 12 and Feb. 18, 1914, at nine o'clock p. m., we will give Ten Dollars in Gold in each district. For the second largest number of months turned in from each district, we will give Five Dollars in Gold. The months will be reckoned as follows: One year to The Anderson Daily Intelligencer will be counted as twelve months. For instance if you should get a subscription for two years it would count as twenty-four months, one for three months would make it twenty-seven months, one for six months added to that would bring your total to 33 months, and so on getting as many as possible.

You are really working for prizes all the time. Now is the time if ever to harness all of your resources, all of your determination, and all of your energy. There are some people concerned in this race who haven't exhausted all of their list of relatives in their search for subscriptions, to say nothing about getting out among their friends and acquaintances. But then again, there are some who have, so it behooves you to hurry up all around. Bring your subscriptions to the Contest Office as often as possible. As we have said before, the vote schedule will be just the same all through the contest. We have no bonus votes to give you. You get 35,000 votes for one yearly subscription, no more, no less and you will get the same amount to the end of the contest. We want everything perfectly clear and plain so that when the judges come to count the votes at the close of the contest they can go right through our books and check the votes that has been given each contestant. To the friends, relatives and acquaintances of the Intelligencer Editor of Anderson—We want to say that you have the grandest opportunity to win, as two large prizes amount to a color district with some special prizes, and if you have the highest number of votes the automobile will go to your district. THE LADIES OUT OF TOWN HAVE THE SAME CHANCE AS THOSE IN ANDERSON.
